Summary

First-year B.Tech student at NITK Surathkal with strong interest in Web Development. Hands-on experience with MERN Stack, REST APIs, authentication, UI design and real-world web applications. I also work with Git-GitHub. Currently building full-stack projects and improving problem solving through DSA in C++.

Skills

Programming: C++

Frontend: HTML, CSS, JavaScript, ReactJS, TailwindCSS

Backend: NodeJS, ExpressJS, MongoDB

Experience

ImposterCode (Student Tech Club in NITK)

DEC 2025

Frontend Developer

NITK Surathkal

- Developed responsive frontend components using ReactJS and TailwindCSS.
- Collaborated with a team of students to build real-world web applications.
- Integrated APIs, implemented reusable UI components and improved UI consistency.
- Followed Git/GitHub workflow for version control and teamwork.
- **Project Link:** <https://impostercode.vercel.app/>

Projects

NITK Club Website | *HTML, CSS, JS, React, Tailwind* polaris-work.vercel.app

NOV 2025

- Developed a complete website for a student club with interactive UI and clean layout.
- Implemented events section, announcements, gallery, and member highlights.
- Optimized performance and responsiveness for both desktop and mobile screens.

DevOfDev Platform | *MERN Stack*

JAN 2026

- Built a developer-focused platform for learning, collaboration, and project sharing.
- Implemented user authentication, protected routes, and structured backend APIs.
- Used MongoDB for secure data storage and Express for server-side handling.

Achievements

- 99.121 Percentile in JEE Mains 2025
- AIR 17803 in JEE Advanced 2025
- AIR 2053 in IISER Aptitude Test 2025
- AIR 3715 in KCET 2025

Education

B.Tech Mechanical Engineering

2029

National Institute of Technology Karnataka, Surathkal

CGPA: 8.05 / 10 (1st SEM)
